AVAILABILITY:

Available to all consumers within the utility's service area by contract where facilities of adequate capacity and suitable voltage are adjacent to the premises to be served, subject to the established rules and regulations.

Pursuant to the Federal Energy Policy Act of 2005, mercury vapor lamp ballast shall not be manufactured or imported after January 1, 2008. When the Company's inventory of mercury vapor ballasts and lamps is exhausted, customers will be given the option of having the lighting removed, or replaced with another type of light at the rate for the replacement light.

TYPE OF SERVICE:

Single-phase, 60 cycle, at available secondary voltages.

MONTHLY RATE: Unmetered wooden pole, where the Cooperative furnishes poles and fixtures.

175 Watt Mercury Vapor Lamps	\$15.25per month
400 Watt High Pressure Sodium	\$32.45 per month
100 Watt High Pressure Sodium	\$16.25 per month

Underground service for Cooperative owned unmetered street lighting is not available for new installations after July 1, 2013.

TAX ADJUSTMENT CLAUSE:

Billings under this schedule may be increased by an amount equal to the sum of applicable taxes, fees, or charges (exclusive of ad valorem, state and federal income taxes) payable by the utility and levied or assessed by any governmental authority on the public utility service rendered, or on the right or privilege of rendering the service, or on any object or event incidental to the rendition of the service.

MINIMUM MONTHLY RATE:

The monthly minimum charge under the above rate shall be the net rate per month as quoted above as established by contract between the consumer and the utility in accordance with the utility's extension policy.

In lieu of metering each individual lighting service, the utility has assigned a standard kWh usage to each service as follows:

- 175 Watt Fixtures – 80 kWh per month;
- 400 Watt Fixtures – 180 kWh per month;
- 100 Watt Fixtures – 42 kWh per month.

FUEL AND PURCHASED POWER ADJUSTMENT CLAUSE:

In the event, the Cooperative's wholesale power supplier increases or decreases the rate under which the Cooperative buys power, the Cooperative shall increase or decrease the consumers bill by an amount equal to the kWh usage multiplied by a fuel and purchased power cost adjustment factor. The parameters under which the adjustment factor is determined shall be purchased power expense and kWh sales for the month proceeding the month in which the bill is rendered and a base fuel and purchased power cost of \$0.078510/kWh.

CONDITIONS OF SERVICE:

1. The term of this Agreement shall be for a period of four (4) years from the date hereof and shall continue thereafter from term to term, unless a written notice to the contrary is given by either party to the other at least 60 days prior to the expiration of the original term or of any renewal thereof.
2. The consumer hereby grants to Cooperative all easements necessary for Cooperative to install the electrical equipment upon the Consumer's property, and hereby grants Cooperative, its agents and employees, the right or ingress and egress to Consumer's premises for all purposes necessary for the performance of this agreement, including the express right to trim any tree on the premises.
3. All facilities installed by Cooperative will remain the property of the Cooperative and may be removed by the Cooperative upon discontinuance of service.

4. Automatic control devices shall be set for lights to burn from approximately dusk to dawn. Cooperative will exercise reasonable diligence at all times to furnish Consumer service as herein set forth, but will not be liable in damages for any interruption, deficiency or failure of service for any reason whatsoever. Cooperative reserves the right to interrupt the service when such interruption is necessary for repairs to lines or equipment. Any interruption of services for any reason shall not constitute a breach of contract.
5. Cooperative will provide at its expense all necessary wiring, replacements, material and labor for repairs and maintenance, whereby the light may be installed on an existing pole, or, by installing one (1) additional 30/6 pole and secondary wire for each light, not to exceed 125 feet distance from existing service with 110/220 volt service is available. When, at the consumer's request, service is required at a location other than mentioned above, the consumer will provide the pole, secondary wire and necessary transformer equipment, prior to the construction. Cooperative reserves the right to cancel this agreement in the event of excessive damage to its equipment by vandalism, malicious mischief, or other causes.
6. The Cooperative reserves the right to remove lamp and appurtenances at any time in the event more than two calls per year become necessary due to vandalism or other causes over and above regular maintenance required, unless the consumer agrees to pay for the additional calls and cost incurred.

TERMS OF PAYMENT:

The above rates are net, and due and payable within twenty (20) days from the date of bill.

LATE PAYMENT CHARGE:

A late payment charge of two percent (2%) per billing period or fraction thereof will be charged on all utility service bills and invoices which are delinquent per the provision of the tariff.

TEMPORARY PURCHASED POWER COST ADJUSTMENT:

Upon the approval of this tariff by the Arizona corporation commission the cooperative shall add to the consumer's net bill as computed above, a surcharge to amortize the one month unrecovered fuel and purchased power adjustment costs which the utility will realize upon the Commission's acceptance of the Cooperative's new base cost of purchased power. The amount of surcharge per kWh and the duration to the application thereof shall be as directed by the Commission.
