

# COLUMBUS CURRENTS

## Congratulations Albert!

Albert Munoz, an employee with Columbus Electric Coop, has successfully completed one of the world's most comprehensive training programs for power line personnel. The Merchant Job Training and Safety Program is administered to line personnel in more than 40 states throughout the United States. Albert and the support staff at Columbus Electric Coop can be proud of their accomplishment. Each utility has an acting Training Coordinator assisting their Trainees by administering "closed book" testing. The coordinators manage their own people throughout the training process from rules set by the MJTS and the statewide association people.

Congratulations to Albert Munoz, who can look forward to a very rewarding lifelong occupation.

September 5<sup>th</sup> in observance of  
Labor Day

## Board Highlights

It was business as usual at the July meeting of the CEC Board of Trustees. The Board reviewed the operations, financial, and safety reports for the month of June.

### Notice: Energy Assistance and Moratorium Protection (LIHEAP)

Protection from winter shut-off begins November 15, 2022. To avoid potential disconnection of services please contact the human services department at 800-283-4465, or the appropriate tribal or pueblo entity for eligibility information for low income heating energy assistance program (LIHEAP). Your service will not be disconnected from November 15, 2022, through March 15, 2023, if you meet the qualifications of LIHEAP and have no past due amounts or you remain current on any settlement or installment agreement for amounts due as of November 15, 2022. Members of New Mexico tribes or pueblos who need help with translation or with other matters may contact the commission’s consumer relations division at (888) 427-5772, who will contact the appropriate tribal or pueblo official for assistance.

Para informacion en espanol llame 1-800-950-2667.

### Energy Efficiency Tip of the Month

An easy way to save energy is to seal air leaks and holes where plumbing pipes run through walls in your home. You can also check wall-mounted cabinets for plumbing holes or air gaps in the back.

Fill any holes or gaps with spray foam. Wear protective gloves and use a damp rag for cleanup.
